VMI 25 years ISO certified

The third renewal audit of the VMI ISO certificates for quality (9001), environmental management (14001) and occupational health and safety (45001) took place from 17 to 20 May. Lloyds surprised VMI by awarding a nice plaque, as VMI has been ISO certified for 25 years! Global Manager QEHS, Herman Hodes (right), received the gift on behalf of VMI. We are proud of this great result.
